(1) This table includes all public sector bilateral and multilateral donors who contributed to the relief and recovery relief efforts. It does not include private sector funding to NGOs. For information on private sector funding to NGOs and the Red Cross please see the key facts sheet on www.haitispecialenvoy.org.

(2) This analysis is based on data received from ten of the top 12 donors in December 2012. It was converted using UN exchange rates from December 2012.

(3) Committed (or obligated) funds are those for which projects have been approved or agreements/contracts have been signed or are in the process of being transferred/distributed. Committed funds are exclusive of disbursed funds. The tally total of the amount disbursed and committed for 2010 to 2012 may be greater than the amount allocated from 2010 to 2012 as donors have committed funds that they plan to disburse in future years.

(4) Disbursed funds are those that have been transferred to an implementing partner (e.g., the Government of Haiti, an NGO or other non-state service provider).

(5) These figures do not include debt relief. For information on debt relief please see the debt relief summary on www.haitispecialenvoy.org.

(6) New York Conference pledge refers to the pledges made at the international donors' conference "Towards a New Future for Haiti," held in New York on 31 March 2010.

(7) Funds from the United States government recorded as being committed have been obligated. This means that the funds are guaranteed to the implementing partner which can begin implementation.

(8) Canada's financial information for fiscal year 2012-2013 is preliminary. For additional information on CIDA's projects in Haiti please consult CIDA's project browser (<http://les.acdi-cida.gc.ca/project-browser>) and the Statistical Report on Official Development Assistance (www.acdi-cida.gc.ca/acdi-cida/acdicida.nsf/eng/JUD-4128122-G4W).
